

Good Day Everybody

The Management Team of the SRA, wishes You and your loved ones a blessed and safe festive season.

Remember to buckle up, drive safely and don't leave any items in plain view, in your car whilst parking.

A "holiday challenge" we're experiencing is the children from mainly Capricorn and Vrygrond begging and singing on our streets.

Our social worker Ester, together with Waves of Change are addressing this problem. See attached document from The Homestead with regards to the "do's and don'ts" of handling this issue.

Here's to a great 2015 of collaboration and working together to improve our beautiful area.

Kind Regards

SRA Management Team

the "good" thing, working or logging in the street" is, in itself, all that has, a thing is one of us and another, too," his shirt should therefore be on the street. The truth is, however, that "the suggest [thing] get on the street have been on the street will contribute to someone's death, physical and sexual abuse, as well as to pollution from drug dealers, other street youth, prostitution, crime, etc., etc."

[illegible]

Going to children who beg encourages substance abuse or to leave home. Then, about 20 to 30 years into the street, going to children who beg also encourages adults to traffic vulnerable children into the street of the children, living on their behalf. Going to children who beg undermines the family intervention, which supports, directly relief and development drug services. That the Worcester has for vulnerable children in syphilis Part, Manchester, Woodstock and Hoxton.
